8. Would you support Council using Council land and/or purchasing land specifically for formal organised sports use?

However the Council at present doesnt have the funds to buy land for that purpose. I would welcome suggestions as to **where** and how it might otherwise be funded eg I have approached the Member for Vacluse to assist in the transfer of the Water Tower land to Council to develop playgrounds and netball courts.

9. Which Ward in the Council area do you live in?

Vacluse Ward
